

# Master in Molecular Oncology

CALL FOR SCHOLARSHIPS FOR ACADEMIC EXCELLENCE  
MASTER'S DEGREE IN MOLECULAR ONCOLOGY 2022 2023

## REQUIREMENTS

1. The candidate must be:
  - a. Graduate or PhD in Medicine and be performing or have already completed residency preferably in one of these specialties: Clinical Oncology, Anatomic Pathology, Hematology or Radiotherapy.
  - b. Graduate or PhD preferably in any of these biosanitary degrees: Biology, Pharmacy, Chemistry, Biochemistry, Biotechnology, Biomedicine.
2. The deadline for admission of applications to access the ordinary registration of the MOM in June 2022 is from **March 11, 2022 until May 13, 2022**. If there are vacancies for the extraordinary registration in September 2022, applications will be accepted until August 12, 2022.
3. To apply for the scholarship during the regular enrollment period, you must complete and send before Friday, May 13, 2022, the standardized CV in online format, for whose veracity you are responsible, and you may be required to demonstrate or expand any of the merits during the selection process.

## FINANCIAL ENDOWMENT

For this program, the Bioscience Studies Centre is offering more than 50 partial scholarships of excellence to be deducted from the tuition fee for the Master in Molecular Oncology 2022-2023.

Excellence scholarships are not compatible or cumulative with any other scholarship or discount available for any of the editions of the Master in Molecular Oncology.

The amount of the scholarship will be used entirely to partially finance the cost of tuition for the MOM

**Tax information for foreign students:** The scholarship/aid granted will be considered as income of non-residents, being applicable the provisions of the Double Taxation Agreement between Spain and the country of residence of the beneficiary of the scholarship, in case of the existence of such agreement.

## SELECTION PROCESS

1. The candidate must complete and submit the standardized CV in online format before Friday, May 13, 2022. Applications whose mandatory fields have not been completed will be eliminated.
2. Applications received will be evaluated on the basis of the merits reflected in the CV.
3. Candidates may be required for an on-line interview.
4. Once the CVs have been evaluated, the decision to award the scholarships will be final.
5. The decision, whether favorable or unfavorable, will be communicated to the candidate during the first week of June 2022.
